ROCK BLAST IMPERILS LIVES OF TWO WOMEN

A three pound rock hurtling through
the air at a speed of eighty miles an
hour broke up an informal afternoon
tea, smashed a pair of front steps to
splinters, and nearly frightened two
women into hysterics, at Kapaehulu
yesterday afternoon.

The narrow escape from serious in-
jury occurred at the residence of Mrs.
Jack Gibson. Mrs. Gibson and a
friend were seated on the lanai at
the time the blast occurred which
sent the rock home with such force.
An attempt to find the origin and
who was responsible for the blasting
was unsuccessful.

In Wuerzburg, Bavaria, the use of
black tiles for the roofing purposes
is prohibited. Red tiles must be used
instead, "so as not to interfere with
the beauty of the landscape by the
erection of vari-colored roofs."

Girls in their 'teens should
not be pale, languid, constant-
ly fatigued. Nature intended
them to be bright, energetic
and active.

Every parent of a growing
girl, and every young woman
who looks after herself, should
be constantly on the watch
for symptoms of impoverished
blood. The happiness of a
lifetime depends upon giving
the blood the help it needs at
this time, when girls are too
frequently allowed to over-
study, overwork or suffer from
lack of exercise.

If your daughter is languid,
has a pale, sallow complexion,
is short of breath, especially
on going upstairs, has palpi-
tation of the heart, a tendency
to faint and a poor appetite,
she suffers from lack of blood.
The most satisfactory way to
give the blood the elements
which it lacks is by using Dr.
Williams' Pink Pills. A
thorough trial will make the
blood pure and red.

Two booklets, "Plain Talks to Women"
and "Building Up the Blood," will be sent
free upon request. Dr. Williams' Pink Pills
for Pale People are sold by all druggists, or
will be sent, postpaid, on receipt of price, 50
cents per box six boxes, \$2.50, by the Dr.
Williams Medicine Co., Schenectady, N. Y.

DEMAND FOR ALUMINUM.

Although the early expectations of
the wholesale substitution of alu-
minum for steel and iron have not
materialized, the demand for the new
alloy has grown enormously. From a
production in the United States of less
than 100,000 pounds in 1883, in 1893
the output had grown to 350,000
pounds; in 1903 to 7,500,000 pounds,
and today it is in excess of 50,000,000
pounds.

For news and the truth about it, all
people buy the Star-Bulletin.

If It Is Circulation

You Want, Among Readers Who Buy,

The HONOLULU STAR-BULLETIN

delivers the goods. It is a newspaper of
exceptional merit, hence the universal
praise it is receiving.

Duplications incident to the amalgama-
tion of the evening papers are practically
eliminated, and the circulation of the
HONOLULU STAR-BULLETIN is
getting down to the absolute basis of
a bed-rock standard.

**More than Four Thousand was our pro-
mise at the outset. We now guarantee
that it will be nearer Five Thousand each
day.**

That is a circulation never before
equaled in Honolulu. Remember that
our books are open to inspection.
